# LRAK ACADEMIC ADVANTAGE

Our curriculum provides a research-based, whole-child approach to learning through project-based investigations of topics that integrate literacy and mathematics concepts into everyday instruction. Inspiring students to think critically, solve problems, and connect ideas.

These focus areas provide a comprehensive foundation for children's future academic success and overall development.

## MATH MASTERS

Concepts involving order and counting, addition and subtraction, measurement, collecting, sorting, comparing data, and geometry.

## MEGA PHONICS

Focused on building foundational reading skills, including phonics awareness, print concepts, and basic comprehension.

## WRITING WORKSHOP

Focus on developing essential pre-writing skills, encouraging children to use environmental print to express their ideas, and building their understanding of letter-sound correspondences

## BOOK CLUB

Introduces the child to print concepts and storytelling and develops language comprehension, with the expansion of vocabulary. Immersing the child in reading stimulates imagination, and prepares them for academic success.

## SCIENCE LAB

Provides hands-on learning while actively exploring and experimenting with basic scientific concepts like, making observations, asking questions, and using classifications in Life Science, Physical Science, and Earth and Space Science.

## ART BOX

Creative self-expression using mixed mediums and tools. through art projects based on their learning. Examining Art utilizing different perspectives.

## FOCUS FIELD

Enrichment learning, beyond the curriculum: Physical Education, Bilingual Curriculum, Music Expression, Technology, and STEM Education

## STAR ASSESSMENTS

Evaluates skills in phonemic awareness, vocabulary, comprehension, number operations, and geometry, then provides insights into strengths and weaknesses to drive personalized learning plans.

## PTC

Our "Parent/Teacher Chats" are a great way to facilitate strong communication between school and family; providing a sense of security that will can positively impact your child.
